### THINKPAD T61 14.1" WIDESCREEN OR 15.4" WIDESCREEN: **THE WORLD'S BEST ENGINEERING IN ACTION.**

A few spreadsheet columns here, a video IM window there, and pretty soon we're talking serious business productivity. That's what you get with the new 14.1" widescreen display—good for 25% more viewable area—on the ThinkPad T61. 15.4" widescreen displays are also available on T61 and start at 5.9lb so you don't have to sacrifice mobility for a larger screen. Plus, a host of options like WWAN<sup>2</sup>, IEEE 1394a (select models) and 4-in-1 Media Card readers boost versatility. And ThinkVantage® Rescue and Recovery™ helps keep software crashes or virus attacks from slowing you down. Equally reassuring is its worldwide, round-the-clock service and support and an industry-leading warranty<sup>3</sup>. The ThinkPad T61 is a product of Lenovo, a global company incorporating the former IBM® PC division. From the world's best engineers come the world's best-engineered PCs.

An all-new roll cage for the top cover complements the ThinkVantage® Active Protection System™ and a shock-mounted hard drive, making the ThinkPad T61 the most durable T Series ever.

Intel® Centrino® processor technology combines the latest Intel® mobile processor technology with Intel® Wireless Wi-Fi Link and Active Management Technology for enhanced notebook management and security. Intel® Turbo Memory shortens boot time and speeds application loading.

ThinkVantage® Client Security Solution, 32-byte boot password, optional Integrated Fingerprint Reader and SmartCard support protects data against would-be intruders.
